About This Game

Story Introduction

There is a mysterious continent, where singing and laughing, a huge God Shiyili, the center of the mainland, guarding the local residents from generation to generation, the scenery is not long, the stone is gone, and the land without the stone is lost. The vitality of the past, a large number of evil forces hit, The king ordered Anne to find the broken stone and save the continent: The protagonist Anne and his own partners were instructed by the king to find the missing stone fragments, activate the stone, and reproduce the glory of the past.
Button this to a line, after difficult, many obstacles, Anne can complete the collection of lost debris, the entire continent's survival is in your hands.
This game is a single-machine tower defense type game that currently only supports PC versions.

About introducing the gameplay

In a wave of enemies attacking the center of the tower, players defend against these enemies according to the mission. And in the task prompt to complete the corresponding task, there are three kinds of endings in this story, in the completion of all the stars will enter the best outcome.
